ARMY WAR COLLEGE
CARLISLE BARRACKS, PENNSYLVANIA

OFFICE OF THE DEPUTY COMMANDANT

24 October 1951

Dear Mr. Jackson:

I want to express my appreciation for the excellent talk you gave to the students and faculty of the Army War College. That it was enthusiastically received was indicated by the questions which followed your talk.

The students who are working on the problem of the National Intelligence System found the after lunch conference one of the best periods they have had this year, and I appreciate the fact that you delayed your departure to give the students this additional time.

I enjoyed very much our brief acquaintance and hope there may be other pleasant opportunities to extend it. Thank you again for your effort.

Sincerely,

Arthur G. Trudeau
